

## **You may be able to get Extra Help to pay for your prescription drug premiums and costs.**

People with limited incomes may qualify for Extra Help to pay for their prescription drug costs. If eligible, Medicare could pay for seventy five (75) percent of drug costs including monthly prescription drug premiums, annual deductibles, and co-insurance. Additionally, those who qualify will not be subject to the coverage gap or a late enrollment penalty. Many people are eligible for these savings and don't even know it. For more information about this Extra Help, contact your local Social Security office or call 1-800-MEDICARE (1-800-633-4227), 24 hours per day, 7 days per week. TTY users should call 1-877-486-2048.

NOTE: An enrollee's premium will generally be lower once he or she receives extra help from Medicare. The premiums listed below do not include your Part B premium that you may have to pay. The premiums listed are for both medical services and prescription drug benefits (MA-PD plans only).
